

Welcome!

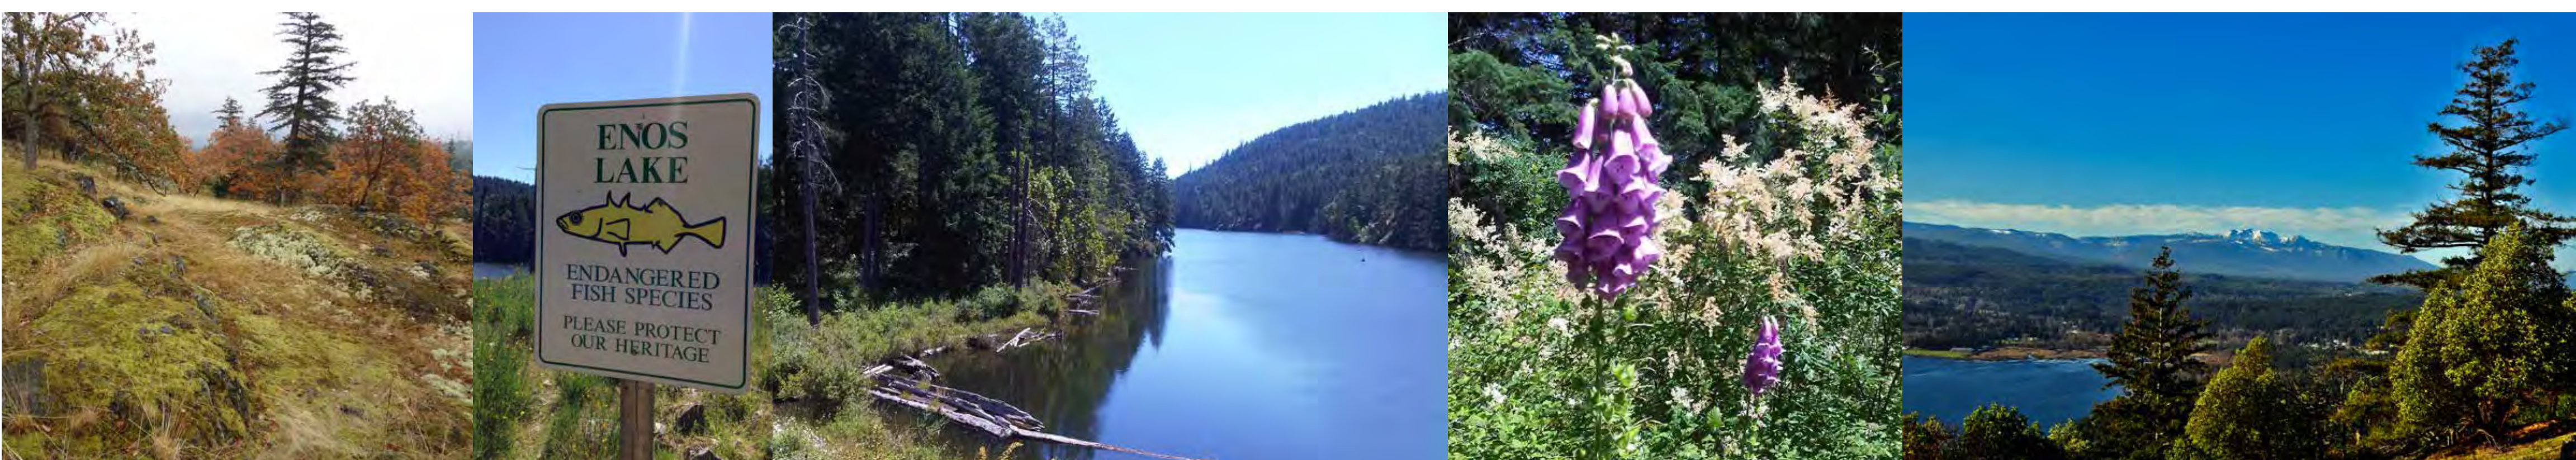

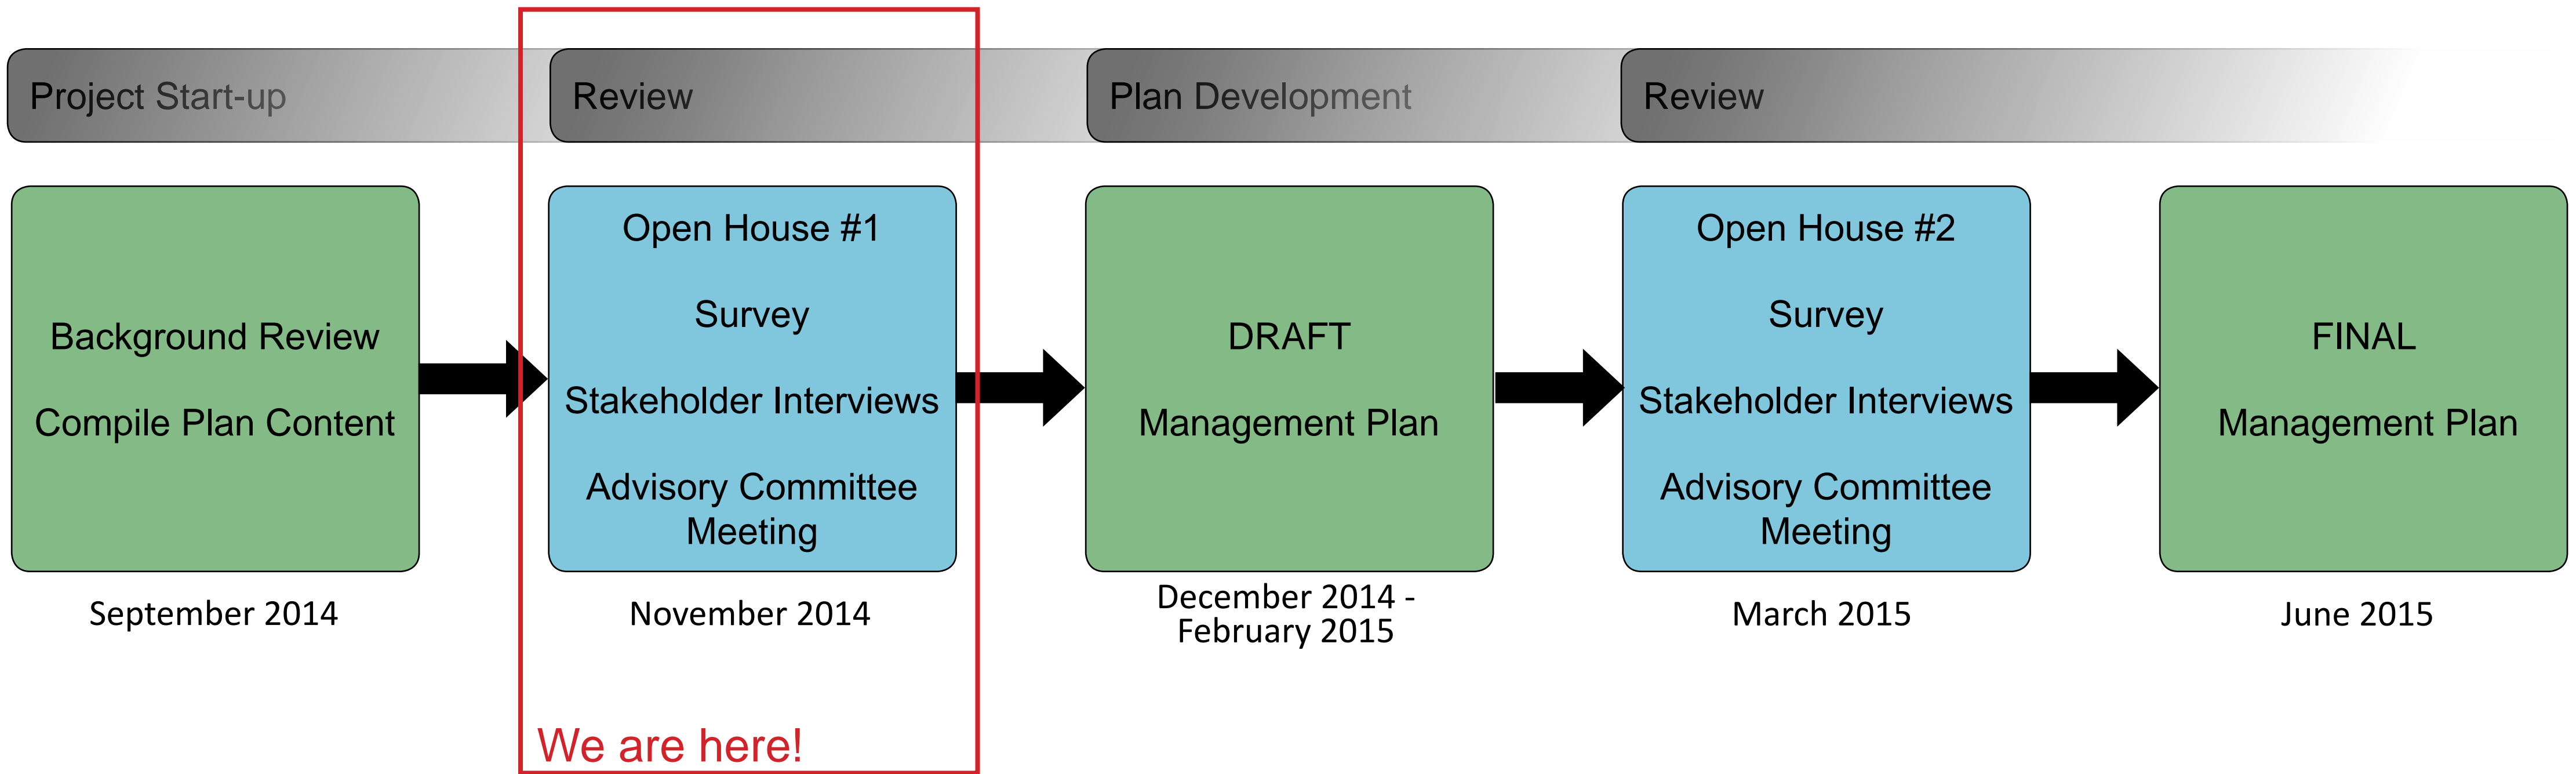

This is the beginning of the process to prepare a Regional Park Management Plan for the Lakes District at Fairwinds. The Management Plan will define strategies, policies, and actions for managing the park over 10 years (2015-2025). The Regional District of Nanaimo (RDN) is leading this process.

As new neighbourhoods are built, the developer will dedicate the parkland and build park amenities. The parkland and amenities will be in accordance with the Neighbourhood Plan, Phased Development Agreement (PDA), and Park Masterplan (see Panel 3) that were prepared and approved following an extensive public consultation process. The RDN will be responsible for managing the park.

Your input on the Management Plan will influence park activities, service levels and other aspects of park operations, as well as park stewardship measures.

Regional Park Management Plan Process

The following diagram shows the planning process for the Regional Park Management Plan. This is the first of two opportunities for the public to participate in the planning process. The plan is scheduled for completion in the spring of 2015.

Please fill out a survey. The survey is also available at <http://www.rdn.bc.ca/>

Thank you for taking part!
