District 69 School Closures - Programming Use

Mr. Banman updated to the Commission that RDN staff had met with the School District to discuss short and long term opportunities that may be available for recreation uses i.e. room rentals, gym use. He noted that the School District is not interested in selling land at this time but would be open to partnerships.

Mr. Osborne noted that the timing for consideration of recreational use of the schools is good for long term planning as the Recreation Services master plan is due to be reviewed in two years and could be included in the process.

MOVED Commissioner Veenhof, SECONDED Commissioner Morrison that staff proceed to meet and review facility use partnership opportunities with School District 69 (Qualicum) for the schools that are slated for closure in September 2014 and report back to the District 69 Recreation Commission and Board.

CARRIED

COMMISSIONER ROUND TABLE

Commissioner Milligan noted the challenges of the School District to find uses for the closed schools and that looking at the positives and finding the best use to benefit the whole community.

Commissioner Morrison stated he is no longer a sign shop owner. Attended an Economic Development workshop in Port Alberni and working on some ideas to bring an Economic Development office or officer for this community to see community services increased instead of cutting.

Commissioner Wiebe said the BCRPA Symposium was terrific and brought some handouts. Nanoose had their public hearings for the Fairwinds lands. He noted that if approved, this would provide parkland around the Notch and Enos Lake area. He mention a kayak company that is blocking the MoTI beach access a few times a week and numerous people have asked him about it and what can be done. He would like to see the company be a good neighbour and have a common courtesy to move the vehicle while using the access. Mr. Osborne staff are aware of the complaints as is MoTI.

Commissioner Edgeley thanked the Commission for allowing him to attend the BCRPA Symposium. It filled in the gaps of knowledge for him.

Commissioner Tanner said one of the workshops he attended at the BCRPA the speaker contacted him about putting on some workshops on leadership and he inquired if the RDN would be interested in it. He will forward on the information to Dean.

Qualicum Triathlon is coming up and he wondered if they pay the regular pool rental rate? Mr. Banman said they pay regular rates but they are eligible for grants.

Attention:

Dean Banman, Manager of Recreation Services

Dear Mr. Banman;

Re: 2015 Permissive Taxation Exemption | 193 Island Highway East (Curling Rink)

Under the provisions of Section 224 of the *Community Charter*, City Council may, on or before October 31, exempt land, improvements or both from municipal property taxes for the next calendar year subject to meeting certain requirements. The criteria is outlined in Policy No. 6.15, which is attached for your information.

Please review the attached policy carefully as it contains several important changes from previous years. The policy, updated last year, now requires your organization to submit a copy of its most recent financial statements and budget, as well as a copy of the latest registered charity or non-profit organization information return. A copy of a lease agreement (if applicable) should also be attached to the application form.

Also, please take note of Section 5 of the policy which sets out future reductions in permissive tax exemption allocations. In accordance with the policy, the allocation for exemptions will be reduced over time from 2.5% of the annual budget to 1.67% of the annual budget. This may result in proportionately reduced exemptions for all recipients.

As a recipient of a permissive taxation exemption for 2014, please find enclosed an application for the 2015 taxation year. The deadline to submit your application for exemption consideration for the 2015 taxation year is 4 pm on Monday, June 30, 2014. Please be advised that Council is not obligated to approve a 2015 application on the basis of your organization having received exemption in previous years.

Should you have any questions, please contact the undersigned at 250 954-3070.

Sincerely.

REVISION D	ATE: July 15, 2013	RESO. NO: CROSS REF:	13-200
The state of the s		PAGE	1 OF 10

PURPOSE

The purpose of this policy is to provide guidelines to Council for evaluation of permissive property tax exemption applications pursuant to Section 224 of the *Community Charter* and set out the requirements from permissive tax exemption recipients in order to continue to receive support.

BACKGROUND

Section 220 of the *Community Charter* provides for statutory tax exemptions for a range of properties including those held or used by the province, municipalities, regional districts, libraries, hospitals, schools, cemeteries and places for public worship. For some properties, such as those used for public worship, the statutory exemption is limited to only the land and building specifically for public worship. All other land and buildings that are ancillary to the place of public worship are taxable, unless given a permissive exemption by Council.

Section 224 provides for permissive tax exemptions for properties used by a variety of non-profit organizations that provide services which Council considers directly related to the purpose of the organization. It also provides for permissive exemptions for some properties which are additional to statutory exemptions under Section 220, such as church halls or land surrounding places for public worship and privately run schools.

The *Community Charter* permits exemption from municipal taxes. Similar provisions in other taxing authority legislation extend the exemption to those levies.

Exemptions provided for in Section 224 are at the discretion of Council. There is no obligation to give the exemption.

Exemptions cannot be granted if the organization does not qualify under the *Community Charter*.

The permissive exemption values will be calculated by using the current year's assessment multiplied by the current year's tax rates. In the case where the calculated permissive exemption values for the subsequent year exceeds the maximum allocation of the current year's total budgeted property tax requisition, all permissive exemptions will be proportionately reduced.

Example: If the tax increase is 3% each year - the tax exemption cap is \$225,000 until the desired 1.67% is reached.

Үеаг	2013	Year 1 2014	Year 2 2015	Year 3 2016	Year 4 2017	Year 5 2018	Year 10 2023
Property Tax Requisition	10 mil	3%	3%	3%	3%	3%	3%
Increase	**	30 0 ,00 0	309,000	318,270	327,818	337,653	391,300
Amount	10 mil	10.3 mil	10.609 mil	10.927 mil	11.255 mil	11.593 mil	13.439 mil
Exempt %	2.5%	2.2%	2.12%	2%	2%	1.94%	1.67%

- 6. Tax exemptions under Section 224 (except rail and track properties) will be considered each year unless a bylaw specifies a longer term. Exemptions for rail and track properties can be granted for a ten year term; the term cannot exceed ten years under Section 224(4) (a) of the Community Charter.
- 7. Subject to Section 6 above, all permissive tax exemptions must be renewed by the applicant each year on the approved form (as may be amended from time to time), including a copy of the organization's most recent financial statements. Exemptions are not automatically renewed and must not be assumed, even if obtained in the prior year.
- 8. Applications and supporting documentation must be received by 4 pm on June 30th of each year. Applications received after the deadline or applications which do not include all required information may not be considered.
- 9. A tax exemption is similar in effect to a cash grant and therefore is subject to budget considerations.
- 10. All recipients of tax exemptions from the City of Parksville may be required to publicly acknowledge the exemption.
- 11. The organization must justify the need for the services and may be required to make a presentation to Council.
- 12. The use of the property must be consistent with and in compliance with all applicable municipal policies, bylaws and legislation.
- 13. Services and activities should be equally available to all residents of the City.

- 5. Seniors Housing: complex seniors care facilities or non-profit organizations providing affordable housing for low income seniors in the community up to 100% exemption.
- 6. Arts and Cultural facilities: preparation and delivery of artistic and cultural events or exhibits to the public up to 100% exemption.
- 7. Environmental: programs and/or facilities to preserve environmentally and/or ecologically significant area of the community up to 100% exemption where limited public access is provided; up to 50% where no public access is allowed.

COMMUNITY CHARTER

Part 7: Division 7 - Permissive Exemptions

General authority for permissive exemptions

- 224. (1) A council may, by bylaw in accordance with this section, exempt land or improvements, or both, referred to in subsection (2) from taxation under section 197 (1) (a) [municipal property taxes], to the extent, for the period and subject to the conditions provided in the bylaw.
 - (2) Tax exemptions may be provided under this section for the following:
 - (a) land or improvements that
 - (i) are owned or held by a charitable, philanthropic or other not for profit corporation, and
 - (ii) the council considers are used for a purpose that is directly related to the purposes of the corporation;
 - (b) land or improvements that
 - (i) are owned or held by a municipality, regional district or other local authority, and
 - (ii) the council considers are used for a purpose of the local authority;
 - (c) land or improvements that the council considers would otherwise qualify for exemption under section 220 [general statutory exemptions] were it not for a secondary use;
 - (d) the interest of a public authority, local authority or any other corporation or organization in land or improvements that are used or occupied by the corporation or organization if
 - (i) the land or improvements are owned by a public authority or local authority, and
 - (ii) the land or improvements are used by the corporation or organization for a purpose in relation to which an exemption under this Division or Division 6 of this Part would apply or could be provided if the land or improvements were owned by that corporation or organization;
 - (e) the interest of a public authority, local authority or any other corporation or organization in land or improvements that are used or occupied by the corporation or organization if
 - (i) the land or improvements are owned by a person who is providing a municipal service under a partnering agreement,
 - (ii) an exemption under section 225 [partnering and other special tax exemption authority] would be available for the land or improvements in relation to the partnering agreement if they were used in relation to the service,
 - (iii) the partnering agreement expressly contemplates that the council may provide an exemption under this provision, and
 - (iv) the land or improvements are used by the corporation or organization for a purpose in relation to which an exemption under this Division or Division 6 of this Part would apply or could be provided if the land or improvements were owned by that corporation or organization;
 - (f) in relation to property that is exempt under section 220 (1) (h) [buildings for public worship],
 - (i) an area of land surrounding the exempt building,
 - (ii) a hall that the council considers is necessary to the exempt building and the land on which the hall stands, and
 - (iii) an area of land surrounding a hall that is exempt under subparagraph (ii);
 - (g) land or improvements used or occupied by a religious organization, as tenant or licensee, for the purpose of public worship or for the purposes of a hall that the council considers is necessary to land or improvements so used or occupied;
 - (h) in relation to property that is exempt under section 220 (1) (i) [seniors' homes], (j) [hospitals] or (l) [private schools], any area of land surrounding the exempt building;
 - (i) land or improvements owned or held by an athletic or service club or association and used as a public park or recreation ground or for public athletic or recreational purposes;
 - land or improvements owned or held by a person or organization and operated as a licensed community care facility or registered assisted living residence under the Community Care and Assisted Living Act;
 - (k) land or improvements for which a grant has been made, after March 31, 1974, under the Housing Construction (Elderly Citizens) Act before its repeal.

PROGRAMS/EVENTS/ICE RENTALS

Programs

- The 55+ Drop In Hockey has been moved to Tuesdays and Thursdays for the shoulder season and averages approximately 20 players per session. The move from Monday, Wednesday, and Friday each week was made in order to accommodate the number of participants involved in slo-pitch leagues.
- A new "Leisure Skate" has been added during the day for Mondays and Wednesdays to provide an opportunity for skaters to continue skating into the shoulder season. Sessions are averaging 12 skaters.
- Rollerskating has been introduced for the dry floor for this season. Attendances have been sporadic with 4 sessions completed and a total of 13 participants.
- The 19+ Drop in Hockey and 19+ Adult Stick and Puck attendances have been minimal due to most of the regular attendees working and unable to attend the noon hour sessions.
- The "Great Garage Sale" held on Saturday May 24th was a success. There were 29 tables of private sellers and. doors opened to the public at 9:30am. Approximately 300 people attended in the first hour. Comments from both buyers and sellers were very positive with requests that the event be held annually.
- The "Girls Only Hockey Camp" scheduled for August 5-8, has been receiving positive feedback.
 Registration is full at 25 participants in the 8-11 years, and almost full with 22 participants in the 12-15 year group.

Facility Rentals

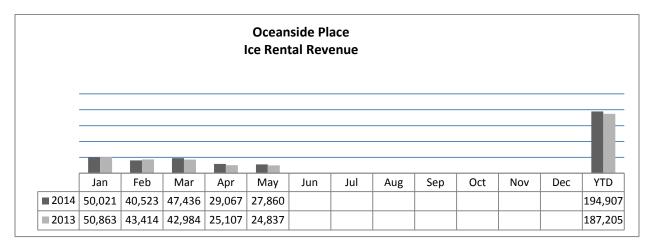

- Ice usage was up by 14 hours in May and revenue up by \$1,678 for a total of \$17,363.
- Dry floor usage was down slightly by 2 hours at 141 hours with revenue up by \$1,345 for a total of \$10, 497. The decrease in usage compensated by revenue increase was due to the categories of renters. There was less minor/ youth and more adult usage.
- The Home and Garden Show was held on May 9-11 with exhibitor displays set up in the Howie Meeker Rink, Oceanside Pond and Lobby.
- A "Roller Derby Boot Camp" was held on May 17-18. The camp was organized by an instructor from the USA and registration was full with 100 participants. The Harbour City Rollers held a

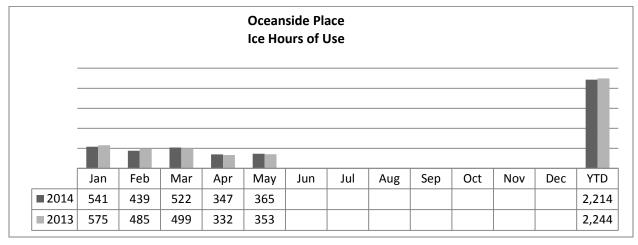

double header Roller Derby on the Saturday evening with teams competing from Burnaby. Okanagan and Vancouver Island. Spectator attendance exceeded 250 people for the Derby. Organizers were pleased with the facility and success of the event and are planning on returning next year.

- The Sandy Shores Skating Club Spring School is being held through May and June with afternoon sessions scheduled during the week.
- The Nanaimo Jr A Timbermen hosted a league game with Coquitlam on Saturday May 31st. The Timbermen are currently ranked 7th overall in Canada and spectators enjoyed the lacrosse action.

FACILITY OPERATIONS

- Staff have been busy with summer season maintenance and projects.
- The annual ice users meeting was held on May 6th and provided an opportunity to review scheduling, contracts and other items of discussion with the user groups for the next season.
- The annual maintenance and inspection of the Zamboni resurfacers was completed.
- New 30 second shot clocks were installed for Lacrosse in the Howie Meeker Rink.
- Tim Lotzien, currently a Casual Aquatic Maintenance Worker at the Ravensong Aquatic Center, was welcomed to the Arena Maintenance Staff as a Casual Employee. Tim's orientation was held May 12+13th.

Manager of Recreation Services

FROM: Hannah King

Superintendent Recreation Program Services

SUBJECT: Northern Community Recreation Program Services Report - District 69 Recreation

Commission - May 2014

INCLUSION

Hired three staff to provide inclusion services for the summer. All are returning from last year.

- Have been making contacts with old and new clients in regards to services for individuals for the coming summer programs
- Have been renewing Emergency Medical Plans for children that carry medications or epi-pens and are planning on attending summer camps.
- Planning for the Orientation Week for all new summer staff

PRESCHOOL PROGRAMMING

- Parent & Tot Gymnastics (18mo-3yrs) 18 registrants (full with 1 on waitlist)
- Parent & Tot/Tiny Tot Gymnastics (18mo-4yrs) 17 registrants (full with 2 on waitlist)
- Tiny Tot Gymnastics (3-4yrs) 14 registrants (full)
- Tiny Tot Gymnastics (3-4yrs) 11 registrants (excellent)
- Tiny Tot Gymnastics (3-4yrs) 8 registrants (good)
- Kindergym (4-6yrs) 8 registrants (good)

CHILDREN'S PROGRAMMING

- Junior Can-Gym (5-8yrs) 16 registrants (full)
- Junior/Senior Can-Gym (5-9yrs) 16 registrants (full with 1 on waitlist)
- Gymnastics for Special Needs (5-12yrs) 4 (poor)
- Home Alone (9yrs+) 10 registrants (full)
- Nature Art (5-8yrs) 4 registrants (poor)
- Birthday Party at the Gym 1 private booking

Community Development:

- Staff met with the Society of Organized Services (SOS) TIC TAC parent support program to promote RDN programs and services, particularly the Financial Assistance Program.
- Oceanside Building Learning Together community agencies are assisting with the summer operation of Storybook Village in Qualicum Beach. RDN Recreation and Park's will be assisting one day per week for 6 weeks. Also, RDN Recreation and Parks will be operating one free dropin per week for 6 weeks at Family Place Munchkinland in lieu of facility rental costs at for Camp Littlefoot, the summer preschool program.

Agency Meetings

- Staff attended April meeting of Building Learning Together.
- Met with Building Learning Together staff to plan for summer opening of Family Place Munchkinland.

YOUTH PROGRAMMING

- Babysitters Certification Program: 15 with waitlist (full)
- Cartooning: 8 (excellent)

Community Development

- May 1-7, Youth Week. Highlights:
 - o May 1 Town of Qualicum Beach Youth Appreciation BBQ. Excellent attendance.
 - May 1 Youth Celebration at Ballenas Secondary School. Event was planned by BSS Leadership students and RDN Youth Recreation Advisors with assistance from Society of Organized Services, Family Resource Association and RDN Recreation staff. BBQ sponsored by City of Parksville. Event featured youth DJs, Zorb balls, street hockey with the RCMP and BBQ. Approximately 100+ students attended which was an excellent turnout for the first year of this event.
 - May 2 FREE teen swim with DJ All Good at Ravensong. 58 youth attended (good).
 - May 6 Kwalicum Secondary School celebration with horizontal bungee run, Ultimate Frisbee Tournament, dunks tank, and BBQ. Event was planned by KSS Leadership students and RDN Youth Recreation Advisors with assistance from Family Resource Association, Society of Organized Services, and RDN Recreation staff. BBQ sponsored by KSS. Approximately 150+ students were in attendance.
 - May 7 Parksville Youth Ministry hosted a dodge ball tournament. Approximately 100+ in attendance.
- May 24, Qualicum Beach Family Day. Youth Programmer, 2 paid senior summer leaders, and 4 Youth Recreation Advisors attended. New this year our basketball camp contractor Carl Macdonald attended the event with staff. Staffs original plan of hosting an obstacle course on the field had to be abandoned due to intense rain and wind. Instead we face painted and made balloon animals. We also gave out "I ♥ RDN CAMPS" tattoos and stickers, as well as summer camp inserts. Also new this year Programmer brought the laptop and with access to Wi-Fi via a cellphone was able to display the website and answer questions about summer camp registration. Overall it was a great day for public relations with thousands of people in the park.

Youth Recreation Strategic Plan

- Goal: Nurture and develop the Recreation Programmers team to be collaborative and creative (YRSP page 48)
 - o Programmer participated in two Program Planning days.
- Goal: Continue to build relationships and communicate with existing youth groups and youth organizations (YRSP page 39)
 - Programmer attended Youth Outreach Worker meeting. Representatives from School District 69, Society of Organized Services, Discovery Youth & Family Substance Use Services, Associated Family and Community Support Services and Family Resource Association present.
- Goal: Communicate with youth in a way that is youth friendly (YRSP page 41)
 - RDN youth website dedicated to the promotion of community Youth Week events during May.

AREA H PROGRAMS

- Gentle Yoga: Class ran April 10-May 15 with 6 registrants (OK #s for EA H)
- Lego Builders Club: Program was full and well received.
- Golf lessons: Ladies only went well, 3rd session starting May 27th has 3 registered (low, will be running with minimum).
- Summer programs: (registration is low, but typical for this area)
 - o British Soccer − Mini Soccer − 3 registered, half day − 1 registered, Full Day − 0
 - Young Chef 6 registered.
- Fall/ Winter Guide Planning.

Special Events

- Golden Shoe Hunt –From the looks of the logbooks, there is a large amount of interest this year. Will be going over sponsorship with Outsider to consider changes for next year.
- Performance Recognition held small ceremony at Commission meeting on May 15th to honour 2 recipients.
- Programmer Planning Days participated in annual programmer planning days.
- Working with two summer staff to do noon hour games with children at Bowser Elementary. Some changes and flexibility is needed due to teacher job action.

Community Development:

- Attended PAC meeting May 20th. Discussed summer programs and ideas on fall/winter and things that we can partner for in the future.
- Worked with a local parent to secure balls for an informal after-school soccer group. Parents
 are taking on full responsibility, but needed balls to play. We will see how this goes, and
 possibly direct PAC or other community group to apply for Youth Grants in future if they want to
 have permanent balls to play with.

Promotions

- Continued regular promotions in the Eyes on BC Publication –community events section for spring programs. Did an ad in June edition for summer programs.
- Golden Shoe.
- Performance Recognition Media Release.

ADULT PROGRAMMING

- Zumba Gold started May 1 11 registered Low, but good for this season.
- Zumba Cancelled due to low registration Won't be offering in the spring
- Wesley Ridge Hike Cancelled due to low registration (5)
- Mount Horne Hike 9 Registered New hike
- Yoga "fun" damentals 0 registered
- Hatha Yoga 0 Registered
- WaterSmart Workshops low registration but running
- May 4 Kayak trip at Moorecroft 7 registered
- 3 out of 4 Edible Native Plant Tours went ahead (2 at Moorecroft Regional Park, 1 at Englishman River Regional Park) Excellent registration total of 45 registrants
- Seated Fitness IHN funding in place for the May/June Program. Currently 17 clients registered
 in Qualicum Beach, 4 public participants. 8 Clients registered in Parksville with 1 public
 participant.
- Minds in Motion New session May 30

Community Development/Other

- May 7 and 8 10 Jr. Leader Interviews
- May 13 and 15 Programmer Planning Day
- May 26 SRA starts
- May 28 Summer leader hire on night
- Fall/Winter Guide Deadline
- Fees and Charges proposal

MARKETING/PROMOTIONS

Summer Campaign and Fall Winter Active Living Guide Promotions support for:

• Garage Sale, Bowser summer camps: British soccer, Jr. Golf.

Advertising

- Door hanger Coupon 1 redeemed
- Complimentary products 3 requests filled
- Display ads –Family Day, Sign me up (PQB News)
- Summer Rack Card sent to 1500 homes by unaddressed ad mail
- Public Notice National Lifejacket day shared with media
- The SRA attended the Great Garage Sale May 24th to promote summer programs: feedback: event was geared more to older adults, grandparents, not families with kids.
- Designed coupon for Bowser British Soccer Camp.
- Sent requests to 5 photographers for images for guide, no responses at present.
- Poster run May 9
- School flyer (summer camp focus) produced and delivered to all schools in district.
- Radio ads Summer camps and swim lessons
- Fall guide download and proofing started.
- Summer Campaign registration tracking 896 registered as of June 1, 2014. Final 2013 summer registration numbers was 2091. Registration numbers are lower overall. However, Camp Bigfoot has exceeded 2013 registration numbers.

SUPERINTENDENT NOTES:

- The programming team held a two day program planning session to review program line up, Active Living Guide process, and set framework for work plan and team goals.
- Fees & Charges- the programming team has worked with Management to put together an updated fees and charges policy that is aligned with the adopted department (Recreation) philosophy. The team feels this will allow us to provide programs that are better aligned with community needs.
- Interviewing for a temporary part time receptionist position at Ravensong- this position will be reviewed at twelve months.
- Programming team is gearing up for another busy summer season within hiring complete and now training week planning and staff scheduling underway.

MEMORANDUM

TO: Tom Osborne DATE: June 9, 2014

General Manager, Recreation and Parks Services

FROM: Dean Banman FILE:

Manager of Recreation Services

SUBJECT: Parksville Curling Club Viability under Reduced Tax Exemption

PURPOSE

To provide the information requested under RDN Board resolution #14-264 related to the Parksville Curling Club (PCC) Society's use of the District 69 Arena and the reduction of the tax exemption to the facility and lands.

BACKGROUND

In the fall of 2013 the PCC was made aware that the 100% tax exemption eligibility they had been given since their inception (2003) by the City of Parksville had been reduced to 50% effective 2014. Along with this immediate 50% reduction the Club was informed of the possibility of further reductions in exemption status in future years may materialize.

Based on BC Assessment valuations in January 2014 this effectively placed a property tax assessment on PCC of \$16,564.26 (50% of \$33,128.52). With the help of RDN and City of Parksville staff an appeal was submitted to BC Assessment and the assessed valuation was reduced from \$1,567,000 to \$630,103 which reduced the assessment by approximately 60% to \$13,126.85. The taxes payable by PCC now stands at \$6,563.43 (50% of \$13,126.85).

Although now lower than originally assessed an unanticipated annual tax assessment fee of \$6,563.43 is still in effect and placing pressure on the operating of the PCC. To this PCC appeared as delegations at the February 2014 District 69 Recreation Commission and the March 2014 City of Parksville Council Meeting. The District 69 Recreation Commission passed the following resolution that was approved by the RDN Board at their Regular Meeting in March 2014:

RDN Board Resolution #14-264

That staff prepare a report on the impacts the Parksville Curling Club and the District 69 Arena facility is facing with the reduction and removal of the Permissive Tax Exemption by the City of Parksville for the leased parklands and to provide options that will ensure the club and the regional district facility can be sustained in the long term.

At the April 23, 2014 Regular Meeting of the City of Parksville, the City Council received a city staff report outlining possible options related to the PCC tax exemption. This report was received as information only, leaving the tax assessment owed by PCC for 2014 still at \$6,563.43.

Through the Sublease Agreement with the RDN, the Society is responsible for all operational and capital costs associated with the facility and surrounding grounds. The Club's current membership is just over 300 members. The society regularly hosts bonspiels and larger sanctioned events such as the 2012 and 2013 Men's Provincial Championships, 2009 BC Scotties Tournament of Hearts and most recently the 2014 BC High School Championships. With their membership base PCC anticipates a \$22.00 per member additional annual fee will be required to meet the demands of the reduction in permissive tax exemption. PCC has indicated that there is a likelihood that should this additional membership fee be put in place, membership could fall dramatically to the point that the continued operation of PCC is at risk.

ALTERNATIVES

- 1. To convert the existing Lease Agreement between the RDN and the Parksville Curling Club to an Operating Agreement and therefore being eligible for 100% statutory tax exemption under Division 6 (s) 220 of the Community Charter.
- 2. To request the City of Parksville to grant 100% tax exemption status for the land and building excluding the commercial area of the building (licensed lounge) in the calculation of taxation assessment.
- 3. To approach the City of Parksville with a request to amend the existing Lease Agreement between the RDN and City to reduce the size of the leased area by approximately 65% in order to further reduce the land's assessment by the same amount.
- 4. That alternative direction be provided.

FINANCIAL IMPLICATIONS

1. Converting the Existing Lease with PCC to an Operating Agreement

The agreement between the RDN and PCC may be eligible for 100% statutory tax exemption under Division 6 (s) 220 of the Community Charter if it was seen as the RDN still held or was vested in the District 69 Arena. Currently the sub-lease between the RDN and PCC is an impediment to this statutory exemption being applicable. There may be a possibility through a City of Parksville bylaw under Division 7 (s) 225 of Community Charter that a 100% permissive tax exemption to the PCC may be possible should the existing lease agreement between the RDN and PCC be converted to a form that reflects more of an operating agreement between the RDN and PCC.

These types of agreements would however place the RDN in more possession and control of the District 69 Arena and increase both its responsibility and liability. The RDN's solicitor Stewart, McDannold, Stuart (SMS) has provided legal opinion on the matter. In essence, an operating or partnering agreement may provide PCC with 100% tax exemption but the RDN would then likely need to take on additional responsibilities. Some examples of the types of responsibilities the RDN *may* need to assume are;

maintenance and repair over a specified dollar amount and provision of an annual operating management fee.

Additional liability responsibilities would likely result and could be mitigated with language within an agreement. The essence of an operating or co-management type agreement is to satisfy the requirement within the Community Charter that the RDN held or was vested in the control of the building. SMS does provide comment in their opinion that the influencing case law and local government legislation in this area of law makes tax exemption eligibility not straight forward and open to interpretation.

RDN staff have reviewed existing agreements from other local governments that have 100% tax exemption and the language within these agreements are consistent with these local governments active role in the operating/management of the facilities. Some examples of the agreements reviewed include City of Parksville (Parksville Community Centre Society), Town of Qualicum Beach (Qualicum and District Curling Club) and individual agreements between City of Nanaimo and; Nanaimo Curling Club and Nanaimo White Rapids (Kin Pool). Equally important to the 100% tax exemption status of these groups is the willingness of local governments to approve 100% tax exemption status under Division 7 of the Community Charter.

2. Granting of Full Tax Exemption Excluding Commercial Areas of the Facility

By limiting the taxable area for tax exemption purposes to the approximately 300 sq. m. commercial area of the facility (licensed lounge) the assessed area value of would be \$13,233, down from \$630,103 and the taxable amount to \$276.00, down from \$13,127. It can be argued that a tax exemption on the licensed lounge provides PCC with an unfair advantage over other commercial establishments with the City of Parksville that provide these same services and are required to pay property taxes. For this reason it is relevant that some percentage of tax assessment is warranted at PCC. No other facility or organization provides curling within the City of Parksville or immediate area so no unfair competitive advantage related to the other portion of the PCC leased land and facility is apparent. It appears from City of Parksville Bylaw 1500 Schedule 'A' that they do have a willingness to approve 100% tax exemptions for like facilities and services that hold the same property class as PCC.

3. Reduction of Lease Area

The RDN could request the City of Parksville amend the existing lease space to a smaller area in closer proximity to the arena. The existing space leased by the RDN from the City of Parksville and subsequently sub-leased to PCC includes 127 parking stalls, 8 light standards, and boulevard landscaping with approximately 30 trees. Utilities for the light standards and boulevard watering is supplied from the PCC currently at no cost to the City of Parksville. Throughout the year this space is used by patrons of the community park with the majority of use by PCC September to March. PCC is responsible for the space year around. For purposes of PCC, the leased area could be reduced by approximately 65% (13,700 sq. m. to 4,800 sq. m.) which in affect would reduce the assessed value the same percentage or by \$409,567. This in effect would reduce the tax assessment to approximately \$5,251 from the current amount of \$13,126.85.

The existing lease between the City of Parksville and the RDN was renewed in April 2013 and expires at the end of March, 2018. The City of Parksville is under no obligation to amend the existing agreement.

4. Other Considerations

The RDN has intimate knowledge of the efforts, both financial and labour, a recreation facility such as a curling facility requires. A facility the size and age of the District 69 Arena will continue to require annual maintenance along with capital work.

Through possible Corporate Climate Action fund (CCAF) or other relevant sources, funding an independent assessment of the District 69 Arena building integrity and life expectation of major operating systems would help both PCC and RDN in management of the asset. The information gathered from this assessment could be used in the development of an asset management plan for the facility. The implementation and management of this plan would, depending on the structure of a use agreement, fall to either the RDN, PCC or both. It is estimated that the building assessment would cost in the range of \$10,000 - \$15,000.

PCC currently charges each of its members an annual \$20.00 facility development fund fee. These fees go into a dedicated reserve fund to help finance capital projects. This fund currently has a balance of \$14,000. Prior to 2003 when PCC was looking to possibly build a facility or convert an existing structure, fundraising efforts had accumulated approximately \$100,000. Over the years this fund has been used in conjunction with the facility development fund in financing capital projects. Currently the original \$100,000 fund sits at \$50,000 and is used a security against a \$50,000 line of credit.

The Curling Club has made over \$157,700 in leasehold improvement to the facility including but not limited to replacement of the facility's condenser, installation of a Low E ceiling, an addition of a lounge, repairs to the roof, and upgrades to the ladies washroom.

In the event the Parksville Curling Club is unable to operate the District 69 Arena and the RDN's participants of the District 69 Arena function, which includes Parksville, Qualicum Beach, Electoral Area's E, F, G and H, decide to demolish the building if deemed to have no community use value, the cost to undertake this work would be borne by participants.

In 2012 the RDN commissioned a facility asset appraisal for the District 69 Arena and the demolition costs for the facility (not including any soil remediation if required) was estimated to be \$235,000. This figure may be low as when the City of Nanaimo's Civic Arena was demolished in 2006, the cost was \$739,645 (not including soil remediation). As the range between the two samples is relatively large, the RDN would need to confirm the likely demolition costs as part of their long term financial planning process. Table I outlines the proportional share for both cost removal estimates.

Table I - Proportional Share of District 69 Arena Demolition Costs

\$2	35,000 Estimate	\$	739,645 Estimate
Parksville (26%) -	\$61,9 4 0	Parksville -	\$194,950
Qualicum Beach(2	0%) - \$45,988	Qualicum Beach -	- \$144,742
EA E (18%) -	\$41,514	EA E -	\$130,662
EA F (12%) -	\$27,187	EA F -	\$85,569
EA G (16%) -	\$37,712	EAG -	\$118,696
EA H (8%)-	\$20,659	EAH -	\$65,026

A revision should be made to Bylaw #1504 that would expand the authority to use reserve funds for the demolition of the District 69 Arena should it be required. For illustrative purposes if \$20,000 was

annually budgeted under a revised Bylaw #1504 the impact on the tax assessment of the contributing areas is shown in Table II. The information through a building assessment would provide more accurate information on the required need to begin contributing to this reserve fund.

Table II - Proportional Share of District 69 Arena Annual \$20,000 Contribution to Bylaw #1504

Parksville	\$5,200	EA F	\$2,400	THAT
Qualicum Beach	\$4,000	EA G	\$3,200	
EA E	\$3,600	EA H	\$1,600	

STRATEGIC PLAN IMPLICATIONS

The fitness and social benefits derived from the RDN working with the City of Parksville and the PCC related lease agreements promote active living which is a recognized initiative within the strategic plan. Specifically, the RDN is striving to achieve its goal to provide opportunities to residents that improve the physical, social, and cultural and health needs while striving to balance location, accessibility, and usage fees. The initiatives PCC has consistently undertaken also increase the sports tourism exposure that is desirable to the community and is also a specified initiative with the existing RDN strategic plan.

SUMMARY

As of 2014 the Parksville Curling Club Society (PCC) is subject to a 50% tax assessment on the District 69 Arena property and building it leases from the RDN. Prior to 2014 PCC was given a 100% tax exemption from the City of Parksville. Due to the sheer size of the leased area the 2013 assessed value was \$1,567,000. At this value the PCC was faced with paying a \$16,564.26 (50% of \$33,128.52) property tax bill. In early 2014 PCC appealed this assessed value and was successful in having the value reduced to \$630,103. At this assessed value the current property assessment for the PCC is \$6,563.43 (50% of 13,126.85).

Under the current sub-lease agreement with the RDN, PCC is responsible for 100% of the operating and capital work required at the District 69 Arena as well as all applicable taxes. Since taking over the facility as a curling club PCC has met this obligation with investments of approximately \$157,000 in the building and its equipment.

Through no fault of the PCC some of the significant operating systems and structures are showing signs of age and the need for more capital planning. PCC feels that the additional financial burden of paying annual property tax (\$6,563.43) will add more hardship to the operating of the facility. They have appeared as a delegation to both the District 69 Recreation Commission and City of Parksville Council requesting reinstatement of the 100% tax exemption status.

The District 69 Recreation Commission and Regional Board directed staff to provide a report on the impact the removal of 100% tax exemption will have on the District 69 Arena as well as the PCC. The City of Parksville has replied to PCC that no changes back to a 100% tax exemption are being considered at this time and in fact more reductions in tax exemptions may be considered in the future.

RECOMMENDATIONS

- 1. That the Regional District request the City of Parksville to grant 100% tax exemption status for the land and building leased by the Parksville Curling Club Society excluding the commercial area of the building (licensed lounge) in the calculation of taxation assessment.
- 2. That the Regional District commission an independent building assessment of the District 69 Arena through the Corporate Climate Action fund (CCAF) to confirm the integrity and life expectancy of the structure and major operating systems to use in long term management of the asset.
- 3. That the District 69 Arena Reserve Fund Bylaw #1504 be amended to allow funds to be allocated for the eventual removal of the District 69 Arena when required.

MEMORANDUM

TO: Tom Osborne DATE: June 10, 2014

General Manager of Recreation and Parks

FROM: Dean Banman FILE:

Manager of Recreation Services

SUBJECT: District 69 Recreation Services Fees and Charges Bylaw No. 1701, 2014

District 69 Arena Services Fees and Charges Bylaw No. 1704, 2014
District 69 Aquatic Services Fees and Charges Bylaw No. 1705, 2014

PURPOSE

To seek Regional Board approval for establishing District 69 Recreation Services Fees and Charges Bylaw (No. 1701, 2014), District 69 Arena Services Fees and Charges Bylaw (No. 1704, 2014), District 69 Aquatic Services Fees and Charges Bylaw (No. 1705, 2014) and to establish the fee schedules for these bylaws for a term commencing on September 1, 2014 through to August 31 2016.

BACKGROUND

Historically, as per Policy C2.1 - Recreation Fees and Charges (Appendix D), recreation services fees and charges in District 69 have been reviewed annually. This review begins with meetings of the Sub Committee of the District 69 Recreation Commission. Recommendations are then reviewed by the District 69 Recreation Commission before being considered by the Regional Board. The recreation service fees and charges that are reviewed include; program fees for Northern Community Recreation Services, as well as admission, rental fees and program fees for the Ravensong Aquatic Centre and Oceanside Place.

According to the Local Government Act Part 10.1 (s) 363 the authority for local government to establish and collect fees is required to come from authority under an established bylaw rather than a Board policy. To this effect the three bylaws (Appendix A, B, and C) are being brought before the RDN Board for three readings and adoption. In addition to the Bylaws being established staff are also looking for the Board to approve the schedules contained within the bylaws which establish the fees and charges for the three service function areas of Northern Community Recreation Services, Ravensong Aquatic Centre and Oceanside Place.

A review of the fees and charges of similar facilities in the mid-Vancouver Island region is taken into consideration when establishing admission fees and rental prices for both Oceanside Place and Ravensong Aquatic Centre. The schedule of fees and charge outlined in Bylaw 1704 and Bylaw 1705 were reviewed by the District 69 Recreation Fees and Charges Sub-committee and the District 69 Recreation Commission. The recommendations within this report are a result of these reviews.

ALTERNATIVES

- That the District 69 Recreation Services Fees and Charges Bylaw (No. 1701, 2014), the District 69 Arena Services Fees and Charges Bylaw (No. 1704, 2014), and the District 69 Aquatic Services Fees and Charges Bylaw (No. 1705, 2014) be adopted and fee schedules for these bylaws for the years September 1, 2014 – August 31 2016 be established.
- 2. That the District 69 Recreation Services Fees and Charges Bylaw (No. 1701, 2014), the District 69 Arena Services Fees and Charges Bylaw (No. 1704, 2014), and the District 69 Aquatic Services Fees and Charges Bylaw (No. 1705, 2014) not be adopted and alternate direction be provided.

FINANCIAL IMPLICATIONS

I. NORTHERN COMMUNITY RECREATION SERVICES

The Northern Community Recreation Services function pertains to the delivery of recreation program services throughout District 69. Schedule A provides detail on how fees and charges will be applied under the authority of Bylaw #1701. This detail not only includes cost recovery percentages but also the principles applied when costing recreation programs.

Traditionally in the recreation industry fees for recreation programs have been calculated on a model that sees a percentage of subsidization/profit applied using only the demographic of age. The existing subsidization/profit better known as recovery rates for RDN Recreation Services can be seen in Table 1 below.

Table 1- Current RDN District 69 Recreation Program Recovery Rates

Category:	Recovery Rates (%)
Pre-School Programs (5 yrs. and under)	100
Children's Programs (Kindergarten-Grade 5)	100
Youth Programs (Grade 6-12)	75
Adult Programs (19 yrs. and above)	125
Summer and Holiday Camps	75
Contract Camps	100
Family Programs	75
Leadership Development	75

Within the last few years discussions have been taking place within local government recreation departments in relation to the calculation of user fees and their relevant application to better reflect community vs. individual benefit. In short the greater the individual benefit regardless of age the less the level of local government subsidization should be. When the benefit to the overall community is greater than so should the subsidization. The basis that as a resident ages their ability to pay changes is still relevant and should continue to be a factor in determining ability to pay for recreation services but should not be the sole deciding factor.

The existing RDN recreation program recovery rate structure does not allow the ability to price programs with a greater individual benefit vs. community benefit that are high in demand at a profitable price. For example a specialized elite sport camp for youth can only recovery up to 75% of its costs even though these camps go beyond developing fundamental movement skills and are in high demand not yet satisfied by the private sector. If a program of this nature was able to be priced based more on market demand a profit from this program would be very likely. This profit could be used to support programs that the department should provide at a subsidized rate. Programs that provide fundamental skills in areas such as; healthy living, leadership, community development and inclusion benefit not only the individual but the community as a whole and should be priced accordingly with some level of subsidization.

Staff are cognizant that a product mix of recreation services is required and will continue to offer services that are more weighted towards those that benefit both the community and individual resident(s). Typically these types of programs are not as profitable and as a result of little sustainable value to private business.

The anticipated shift in Northern Community Recreation Service fees proposed in Schedule 'A' of Bylaw #1701 will not adversely affect tax requisition rates established within the existing five year financial plan. It is anticipated that the change in fact will offer the ability to deliver more profitable/user pay programs that will be able to support those department programs offered at less than 100% cost recovery. Table 2 shows the anticipated program recovery rates and categories

Table 2-2013 - 2014 RDN District 69 Recreation Program Recovery Rates

Purpose	Strategic Goal	Examples	Recovery Rate (%)
Building Healthy Communities by meeting needs	Community events of significance that benefit the majority of the community and/or citizens	KidFest, Building Learning Together, Active Aging Week, Terry Fox	<75
Building Healthy Communities and Citizens by meeting needs	Programs and services that develop fundamental skills equally benefitting both the community and individual; youth leadership, fundamental physical movement, wellness, programs for people with consistent barriers or at risk	Minds in Motion, core summer programs, after school programming, Inclusion,	75-100
	Programs and services that develop fundamental skills benefitting both the community and individual	Fundamental swimming and skating lessons, Leaders In Training	
Building Healthy Citizens by meeting needs	Programs and services that develop fundamental skills benefitting the community but more so the individual based on market demand	Specialized swimming and skating lessons, guided alpine hikes, Non-Impact Aerobics (NIA), Yoga	>100
Building Satisfied Citizens by meeting wants and demands	Programs and services that meet the hobbies or special interests demands of individuals that are not met by the private sector	Specialized camps (sport, art, technology), private swim and skating lessons	>125

Recovery rates for program services will include the following costs.

- a) Instructor(s) wages including program preparation time
- b) Program equipment, supplies and materials
- c) Facility rental
- d) Transportation and/or mileage (as per the RDN vehicle mileage rate)
- e) Administration fee (RDN administration fee, photocopying, promotions, registration). Applied only to programs where Instructors are paid an hourly rate or flat fee.

For perspective Table 3 provides the total revenue projected for 2014 of the recreation programs of 69 Northern Community Recreation Services that would be influenced by the recovery rates outlined in Table 2 above.

II. ADMISSION FEES TO SWIM AND SKATE SESSIONS

Annual percentage increases are applied if warranted to facility admissions and rental rates. As part of this year's review process, as in past years, a summary of admission rates from other mid-island recreation departments was completed and are summarized in Table 4.

Table 4 compares both the current mid-island averages for admission fees as of March 2014 and proposed rates for 2014-16. During the 2012 review at the sub-committee and commission level it was decided to minimize the affect extreme low or high fees and charges from mid - island communities influence the averages used in the review. As a result the highest and lowest rates from the mid-island communities are not included in the calculation of the averages. Upon review of the information provided by the mid-island communities, a majority of them are planning to increase fees and charges in a number of their categories. An average increase of 3% for comparative purposes has been used in Table 4.

Table 4 shows that with a 3% increase, three out of the five RDN admission categories will be higher than the 2014/2015 projected mid-island average. Table 4 also shows the comparison between the proposed increase of 3% against current admission rates.

"Special Rate" Admissions

"Special Rate" admissions of \$2.00 for children and youth and \$4.00 for the adult and senior rate categories are designed to meet the needs of patrons with limited or fixed incomes and to utilize facilities during non-peak times. The Department provides a number of opportunities for these reduced rates to attract individuals and families who may otherwise not be able to participate in these recreational pursuits. An all-inclusive rate that includes GST and is rounded off to a simple amount is attractive to both users and staff. Customers tend to bring the exact admission amount making transactions simple. Although these rates are mostly applied to non-peak facility times or within facility schedules when time constraints do not allow for a session of full length, costs associated with these facility times are still apparent. If still not affordable or inconvenient alternatives for deeper discounts are still available through Active Living Membership card or the Financial Assistance Program.

Similar to the information provided in Table 3 under "<u>NORTHERN COMMUNITY RECREATION SERVICES"</u>, Table 5 below provides information in determining the possible changes in admission revenue for public sessions at both Oceanside Place and Ravensong Aquatic Centre.

III. a) FACILITY RENTAL FEES AND CHARGES - OCEANSIDE PLACE

Category rates range as much as Commercial Prime of \$267.72 per hour to as low as youth non-prime off season dry floor of \$50.21 per hour. Factors affecting the rate applied to rentals are; time of year, time of day, main age group of participant utilizing the facility, frequency of use and whether use is for profit or non-profit purposes. Tables 6 and 7 provide a barometer of comparison between arena facility rates compared to mid-island averages.

Table 6 below provides a summary of the hours used at Oceanside Place in the main booking categories and can provide relevance to the impact any increase or reduction in ice rental fees may have. For example the information within the table shows that a change to the Senior Tournament rate category has less of an impact than a change to Minor Prime Winter. The information in Table 6 shows the numbers from 2012 which are consistent with those from 2013 and likely to remain consistent for the duration of the proposed schedule.

A complete breakdown of proposed rentals rates for all classifications can be found in Appendix B. Of special note is the use of a senior rental rate in relation to ice and dry floor rentals. Of the communities surveyed, no other has a senior category. Groups falling within this age category in these communities are charged the existing adult rate.

Additional Services - At Cost.

User groups at both facilities are charged "at cost" for additional services and supplies that may be required for their event. Removal and reinstall of arena glass, arena floor, and electrical connection/disconnection charges are a few examples of at cost charges.

III. b) FACILITY RENATL FEES AND CHARGES - RAVENSONG AQUATIC CENTRE

Four broad categories make up the majority of hourly rental use at Ravensong Aquatic Centre. Table 9 provides a comparison between aquatic main pool facility rates compared to mid-island averages. A complete breakdown of proposed rentals rates for all classifications can be found in Appendix C. Comparisons between aquatic facilities is challenging as pool amenities (slides, water features, steam, sauna) vary.

Operational costs at both Oceanside Place and Ravensong Aquatic Centre continue to increase and include volatile utilities such as natural gas, water, and electricity that within the last few three years have been joined by environmental sustainability initiatives (carbon offsets). Not only are these expenses seen within RDN recreation facilities but also in the rental rates charged by third parties when RDN recreation programs use other community facilities such as schools and community halls. Although some future cost savings of operating expenses at RDN venues are anticipated in areas such as energy conservation, replacement of inefficient equipment and the implementation of time saving practices, operational expenses are still expected to increase.

The proposed increases to the program, admission and rental fees outlined are intended to fund not only annual operating expenses but also increase the sustainability of reserve funds for the three recreation service functions. Adequate reserve fund balances especially for capital intense facilities such as arenas and aquatic centres are critical for long term sustainability.

If the fees and charges are not increased as proposed consideration needs to be given to the direction provided in the five year financial plan. Presently the plan has projected revenues from program registration fees, facility admissions and rental fees to increase annually at 3%. If a reduction or "freeze" in fees and charges is approved or an increase of less than 3% and the volume of rentals and admissions does not increase proportionally, an increase in tax requisitions on future budgets or reductions in capital or operating expenditures would be required.

If the proposed increase to fees and charges create a financial barrier to some residents, additional support can be provided through the Financial Access Program provided through the Recreation and Parks Department, and for children and youth through the Society of Organized Services. The membership concept implemented in 2009 provides another option for patrons providing savings on admission fees while maintaining an active lifestyle.

STRATEGIC PLAN IMPLICATIONS

The fitness and social benefits derived from investments into initiatives that promote active living is recognized within the strategic goals for RDN Recreation and Parks. The fees and charges proposed strives to aid the RDN in meeting its goal to provide opportunities to residents that improve the physical, social, cultural and health needs while striving to balance location, accessibility and usage fees.

Providing affordable access to programs and facilities is paramount for residents to enjoy an active lifestyle. However this affordability is in contrast to the expenses in operating facilities and offering recreation programs. Most local governments commit to subsidizing fees and charges of recreation programs/facilities and have consistently applied a broad based universal amount in the percentages that these subsidies will be. This subsidization is done with the understanding that programs and services provided improve the quality of life to resident and community vitality. It also recognizes that direct users of the facilities receive more individual benefit from use and should contribute directly to the operation and capital expenses of these facilities.

SUMMARY

Fees and charges for the three District 69 recreation functions (Appendices A, B and C) are being proposed for a term commencing on September 1, 2014 through to August 31, 2016. In setting these fees a variety of factors have been considered, including mid - island averages from other local governments that provide public recreation services, financial pressures on facility users, increasing operational costs, and projected revenue targets in the Five Year Financial Plan.

Over the years the District 69 Recreation Commission and RDN Board have endeavored to keep fees and charges in-line with mid-island communities. Relevant information is collected annually and used in determining rate changes in District 69. In addition to affordability, whenever possible recreation services fees and charges should consider fair market value as this reduces the reliance on general taxation.

Staff propose that a new determination of calculating recovery rates for recreation programs be used. One that not only takes into consideration age but also better reflects benefits to the individual and community. Under this new model programs that are offered regardless of age that have a strong bias to individual benefit, for example a high level elite summer baseball program, would be priced more based on market demand and may be able to be priced with a profit margin. Additionally a program offered to adults to combat the onset of chronic illness that will increase the likelihood of a longer productive life plus lessen the burden on other community resources (homelessness, medical services, social services home visits) could be offered at a lower recovery rate than the existing 125%.

The proposed model would allow but also require staff when creating programming opportunities to ensure the product mix of programming not only has a blend of sustainable recovery rates that meet the needs of the community but would allow for more entrepreneurial programming with higher recovery rates regardless the target markets age.

It is recommended that Fees and Charges Bylaws be adopted and their related schedules for a term commencing September 1, 2014 through to August 31, 2016 for Northern Community Recreation Services (No. 1701, 2014 – Appendix A), Oceanside Place (No. 1704, 2014 – Appendix B) and Ravensong Aquatic Centre (No. 1705, 2014 – Appendix C).

RECOMMENDATIONS

- 1. That "District 69 Recreation Services Fees and Charges Bylaw No. 1701, 2014" be introduced and read three times.
- 2. That "District 69 Recreation Services Fees and Charges Bylaw No. 1701, 2014" be adopted.
- 3. That "District 69 Arena Services Fees and Charges Bylaw No. 1704, 2014" be introduced and read three times.
- 4. That "District 69 Arena Services Fees and Charges Bylaw No. 1704, 2014" be adopted.
- 5. That "District 69 Aquatic Services Fees and Charges Bylaw No. 1705, 2014" be introduced and read three times.
- 6. That "District 69 Aquatic Services Fees and Charges Bylaw No. 1705, 2014" be adopted.
