RDN Chair, Bill Veenhof, RDN Board

Re: Englishman River Water Service (ERWS)

Dear Mr. Veenhof,

The Management Board of the Englishman River Water Service (ERWS) make decisions that directly and indirectly affect many thousands of people within the Regional District of Nanaimo and beyond.

Many of these people, as well as tourism, recreation, business and the natural ecosystems, are currently not represented by the ERWS board, but will be directly affected.

There are several aspects of the new ERWS water supply project that have not been disclosed to the general population.

Would it be possible to review the ERWS management structure, so that decisions made at that level, reasonably represent as many constituents as possible?

I would be pleased to explain further if you would like to chat.

Regards ...Trevor Wicks ...
